## Chapter 9 His Anger and Humiliation

“In the old days, Anna, in order to beg for mercy, now he humbled and humbled to the public and ki\$\$ed a subordinate. You said, if the old fellow Jian Zhendong knew, would he be ashamed to see people? Jian Zhendong is Anna Jian’s biological father.

Anna Jian’s body shook, and his face instantly turned pale. But in the next second, she remembered something and retorted him with pale lips: “There is no Jane child in the Jane family. I am just a prisoner.” Looking at the beautiful face that was close at hand, this was the face she dreamed of, but now , She avoids like a snake.

“Mr. Shen, I’m just a prisoner, you adults don’t remember the villain. Let me go.” She suppressed her fear of him, trying to be humble and humble. Just ask, be able to live in peace.

What is dignity? Coming out of that dark hell and finally seeing the sun, she couldn’t bear to give up the hard-won warmth.

Danny Shen squinted dangerously, her eyes filled with anger... How could the humble woman in front of him have been entangled with him, even if he gave her a cold face, she could ignore it to the end, moths pounced on him and burned. All enthusiastic Jane! ?

Clench your teeth! Danny Shen’s anger was inexplicable, and even he himself didn’t know why he was angry.

The man’s eyes were cold, his sharp gaze locked her lips tightly, and there was still a trace of Henry Xiao’s mark on it—when he forcibly pulled the woman away, Henry Xiao’s teeth were accidentally on her. A tooth mark is left on the lips.

suddenly.....

“That was your first ki\$\$ just now?”

“...Huh?” Anna Jian was dazed, but blushed subconsciously.

An indescribable anger surged in his heart, Danny Shen's expression getting colder and colder, suddenly pulled Anna's arm, rudely pulled her up, and strode to the bathroom.

"Let go of me, please, let me go."

Anna Jian humbly begged for mercy.

She was dragged away by Danny Shen, her legs were inconvenient, she bumped and swayed several times to fall. The man's inexplicable anger is simply too lazy to care about the woman behind him.

Anna Jian was pulled into the bathroom by Danny Shen. Before she could stand firmly, she was severely dragged by one hand to the pool. The man behind him turned on the faucet, and Anna Jian's head was pushed into the splashing water, "Well...  
...No...cough cough cough~"

Danny Shen couldn't hide her anger, her black eyes were jumping with angry flames, and her generous palms scrubbed the woman's lips without saying a word.

"Shen... first, Mr. Kekekeke, I'm wrong, wrong, cough cough cough, let me go, I know I am wrong... Hmm!" Amidst the coughing sound of splashing water with the sound of choking water, There was a woman begging for mercy over and over again.

And the man, who didn't say a word from beginning to end, indifferently scrubbed her lips over and over again, until her lips broke and became red and swollen, the man let go.

"Cough cough cough..." After Anna Jian was free, she held the black marble and coughed quickly. She looked embarrassed right now. Above the head, a cold voice came: "Tell me, how did Henry Xiao ki\$\$ you just now?"

"..." Anna Jian raised her head in shock, half-opening her lips. What is the problem? How should she answer?

Is he trying to humiliate her? Anna Jian glanced at the beginning with embarrassment, and said nothing... This is probably the most violent resistance she can make now.

Danny Shen is too cruel! Must she be so humiliated! ?

And the man in front of him narrowed his eyes...hiding? She dare to hide from him?

Slender fingers stretched out suddenly, pinched her chin, forcing her eyes to look at him.

Suddenly, Danny Shen lowered her handsome head and slowly leaned towards her. The distance between them was getting closer and closer, and Anna Jian's eyes widened.

Near, near...

He was so close that he ki\$\$ed her, and the dead heart beat a beat for a second.

His lips are close at hand, and they are touching her...Hurry...

Suddenly, the man in front of him staggered her lips and leaned against her ears. The thin lips pressed against her ears: "Heh~" With a sneer, she heard his humiliating mockery: "Like you Woman, don't you think I will ki\$\$ you?"

Jian Tongru was in the midst of nine cold winters, and the blood was pulled away from her face instantly.

He looked at her, evoked a cold smile, disgusted: "I think you are dirty."

Boom!

The last straw to overwhelm the camel! The sky turned around and her body softened to the marble floor.

He is the devil!

There was a shadow over her head, she knew it was Danny Shen.

She curled her legs into a ball and warned herself desperately not to anger the devil. Don't irritate him and it will be fine.

She must live, live well.

Anna Jian, whose head was buried in her chest, couldn't see the dullness of the man standing in front of her.

Danny Shen looked at the woman in front of him condescendingly, and couldn't connect the poor worm in front of him with Anna Jian in his memory.

With complicated eyes, Danny Shen said coldly: "Please, maybe I will let you go."

A pair of sharp eyes stared at the woman on the ground. In the midst of it, it seemed to be looking forward to something. He didn't even notice it.

Anna Jian's shoulder trembled slightly, and then he laughed at himself. What is dignity? She is just a string of criminals with the number 926. She is no longer that Jane, so why do she need dignity? Living is the most important thing.

In front of him, Anna Jian knelt down: "Mr. Shen, I beg you, you treat me as a fart, let me go."

I was shocked! The man's face was instantly cold, his anger grew. Such humbleness, this woman can lose even her dignity! Has fallen to this point!

Unable to tell what he felt inside, the man grimaced, slammed a fist against the opposite mirror, and roared furiously: "Get out!"

Anna Jian was delighted, as if he had received an amnesty, struggling to get up, limping and fleeing and walked out.

Behind her, Danny Shen looked at her back with cold eyes. The handsome side face was engraved with a frost.

"Damn woman!" With a punch, he hit it again.

Anna Jian was just escaping for his life, ignoring the inconvenience of his legs and feet. The elevator was going down and the door opened with a "ding".

She didn't go back to the clubhouse again, and as soon as she stepped out of the elevator, dragging her legs with limited mobility, she hurried out of the building.

"Master, go to the Nanwan community." She stopped a taxi. She was usually reluctant to pay the taxi fare, but today, she gritted her teeth and paid out the taxi fare.

As soon as she got home, she immediately took out a cheap luggage bag from the bottom of the bed, and quickly packed her few gifts.

Must go!

he came!

He hates her so much, he will not let her go!

Must go right away!

She must live, there is not so much time to consume with him, she still has a lot of things to do.

Taking advantage of the darkening of the night, a limping figure quietly walked out of the low-rent house in Nanwan District.

## Chapter 10 Fleeing and Being Caught

There is an ATM machine on the opposite side of the community. She inserted a bank card into the ATM machine and looked at the number of deposits displayed on the machine's screen. Anna Jian gritted her teeth and fiercely took out two thousand dollars from it.

With the money, she called a taxi, "Go..." It happened when she got in the car. She was anxious to escape, but didn't think of a place to escape.

"Where to go?" The taxi driver urged impatiently.

Where to go... Anna Jian stayed for a while, and suddenly realized that this world is so big, but she has no place to go.

"Would you like to leave? Get off if you don't leave. I have to catch the next business trip." The driver frowned and gave Anna Jian a disgusted look...unlucky, he didn't look at the almanac when he went out. Unlucky.

"...I'm sorry, I haven't figured out where to go." Anna Jian said slowly, facing the grumpy taxi driver, she did not resist, and even made a humble apology, which made her look very cowardly.

Ma Shan is ridden by people, and people are deceived by others. The words of the ancestors are always right. When the taxi driver saw that she was so weak and arrogant, he sent all the evil fire that she had lost in playing mahjong today on her.

Therefore, Anna Jian was yelled by the driver pointing her nose, "You, a woman, stopped my car without thinking about it. You played me on purpose. How did your parents teach you? No morals at all! Get off the car, now Just get out of the car and don't delay my making money. Bad luck, why did you run into such a bad luck today."

Anna Jian's bloody head was scolded. It's not that she didn't touch her, but... the three years of jail has already made her temperless.

Eyelashes fell, and again, she raised her head and apologized warmly: "I'm sorry, I will get off the car now." In fact, she just wanted the taxi driver to give her a minute or two to think about where she should go.

Unexpectedly, the other party obviously didn't care about her.

The driver froze for a while, driving for more than ten years, he had never encountered such a temperamental soft guy. Seeing that the door of Anna Jian opened a bit slowly, the driver suddenly raised his hand to Anna Jian...

"Ah! Don't hit me!"

The driver was stunned, looking at the front passenger seat holding his arms tightly around his head, the woman panicked and called this: "Ah! Don't hit me!", she took a sip, "You are crazy, I just opened the door!" Unfortunately, how did I meet a female lunatic today."

With that, he started to open the door and said, "Get out of here!" Maybe it was because I felt uncomfortable to lose money, maybe it was because Anna Jian was too good to bully, and bullying her won't get revenge. The driver was even more rude to Anna Jian, and could even say such things as "get off".

Anna Jian couldn't walk fast, swallowed the car slowly, and was yelled at by the driver: "Well, hurry up, are you lame?"

Anna Jian's heart was shocked, and then he raised his head very seriously, looked at the driver, and corrected: "I am only slow, not a lame man."

The driver was stunned, "You're crazy!" He hurried away after cursing, "Hurry up, it's really unlucky to meet you today. No wonder I didn't go well today, I could lose so much by drawing a small card."

This is really nothing to blame.

"Hey, get it." The driver grabbed Anna Jian's wrist and stretched out his other hand towards Anna Jian. Anna Jian looked puzzled: "What?"

"Money."

“But master, I didn’t take your taxi in the end.” Anna Jian was even more puzzled.

The driver rolled his eyes, and he was very impatient: “I’ve been in this car by you, right? You said you are so unlucky, don’t I have to wash the car when I drive back? Doesn’t it cost me money to wash the car?”

“...”

Seeing that Anna Jian was not moving, the driver curled his eyebrows and urged: “Hurry up, keep you annoying!”

“But I...”

“I am a hairy, one hundred yuan, bring it.”

Anna Jian’s face turned green when he heard it... You grab the money for a hundred yuan. She wanted to refute the driver so much, so much!

However, the three years of jail life had long ago polished her temperament without a trace of edges. She was once the arrogance of the Jian family, and the dignity she once belonged to Anna has long since vanished.

Suddenly, there were lights flashing not far from the left. Anna Jian looked up subconsciously, and four black Audi a6s headed forward and drove here.

The license plate is very interesting. For the four cars, the mantissa is from “1” to “4”. The street light flashed on the front windshield of the leading car. Anna Jian squinted, vaguely distinguishing the face of the person in the driver’s seat of one of the cars...Shen Yi, it was Shen Yi, Danny Shen’s inseparable belonging under!

For an instant, panic appeared on her face.

“Hey, give money... eh? Why did you sit in? I asked you to give money.”

“Master! Hurry up! Drive, I, I, I will give you money!” In a panic, Anna Jian took out several red tickets from his coat pocket and hurriedly handed them to the taxi driver, pleadingly urging the driver: “Please Master, drive! Come on!”

“Why are you making trouble...” Before the driver finished speaking, he saw that there was another pile of money in front of him.

Anna Jian trembling hands, took out all the money from his pocket: "Master, I will give you all, please, drive quickly, hurry up!" As she said, she turned her head in horror and looked back... Near, near...

"Hurry up! Hurry up! Is it too little money? I have it! I have it! It's in the bank card! Master, drive quickly, and I will take it to you when it is safe." She was incoherent and full of eyes. Panicked, pale face, as if encountering a ghost.

The taxi driver looked at Anna Jian's eyes like...ah no, just looking at a neuropathy, but when his gaze fell on Anna Jian's handful of banknotes, the driver curled his lips... for the face of money.

The driver snatched the banknote in Anna Jian's hand, "Sit down."

The key is turned on, the engine starts to sound, the taxi starts to move forward, Anna Jian is about to breathe a sigh of relief when he sees this...

"Here~" A hurried sound of the taxi wheel rubbing on the ground came in from the outside, and then the taxi driver beside Anna Jian "fu\*ked", "fu\*k him, nothing went well today. Hey, these people Are you here? Did you steal or rob someone of something and be chased like this?"

The driver took an annoying look in the front passenger seat, then suddenly stopped, and swallowed everything when he reached his mouth. The woman in the driver's seat next to her, her teeth creaking and trembling, circled herself in a ball, looking forward in horror and despair.

That look was even more terrifying than meeting death.

Immediately, the woman moved, nervously closed the car windows quickly, and immediately shrank herself into a ball, as if she could avoid those people in that way.

"Hey, silly or not..."

The driver wanted to ridicule. Anna Jian's taxi door was knocked from the outside, "Miss Anna, please get off the car." Anna Jian's face was pale, she just buried her head deeper, pretending to not hear Invisible.
